## How to apply:

- ❖ To see which awards you may be eligible for, use the Awards Search function
- ❖ You can even narrow your search to North Trail High School - there are 46 awards to choose from
- ❖ To apply for Student Awards, you will need to set up an account on the [Student Award Application Portal](#). Once you have an account created, you will be able to view the various award applications and begin applying for awards. If you already have an account, you do NOT need to create a new one.
- ❖ \*Do NOT use your CBE email for this!
- ❖ The majority of the awards are applied for through the “**EducationMatters 2024/2025 General Award Application Form**.” In this application, you will be able to select the award(s) you wish to apply for and complete “eligibility” questions to determine if you are eligible to apply.
- ❖ You should NOT be looking for a separate application form for each award. The one exception is the “Investing in the Future Award,” which has its own application, due to an earlier launch date. There may be a few other separate applications but these are generally NOT for Grade 12s. You should really only be focussing on the 2 applications forms: **Investing in the Future Award** and the **General application form**
- ❖ There is also a Student Awards walkthrough video to help guide you through the steps of applying

Spend the rest of Trail Time today searching through the scholarships available from Education Matters, as well as looking at the other scholarships and resources on our Student Services D2L page.
